Uncle Henry, since I was a kid I always looked forward to our family reunions when you guys would travel to Kentucky. Everybody was always so gracious and kind. It was such a joy to be around your whole family. I remember Aunt Tudy always had something funny to say that would crack everybody up. Charlie, Johnny and myself were always together when you were here and I enjoyed every minute. I really missed you guys this year when you were not able to make the trip. You were always such a wealth of knowledge about how to fix something and about family members and how they were related. I always loved just having a conversation with you. I miss you already.I love all you guys! -Jerry Burke-

These are the sad times in our life as our loved ones leave and we are left behind for now. I have such fond memories of years past and your family's annual visit to KY and the "Halcomb Reunion". The distance that miles created was immediately erased upon your arrival to Brodhead and continued through that second week in June each year for many decades. This is a family event that ties all of us together. May peace follow each of you and always know we all share the bond of this beautiful family with such good and moral roots. Love to each of you.Your cousin,Joan Burke Hammons
