I am so sorry. There is never any words to say that helps. I will miss her and never forget her from when I was little and would come over to your house and walk over to Gateway or she would take us if the weather was bad.And the many times she would take us to the roller rink. Oh and I could never forget her popcorn balls, the best in the world. I even remember when your dad would bring home a trailer which was always so neat. I never did hear him talk very much, but I sure would make sure I didn't cause any problems for your mom, I remember going over to your house and it was the first time I enjoyed HeeHaw. She even worked for me at PFC for awhile and she was a great worker. I loved her like my mom. I had so much respect for her. I will never forget her.
