Knew him from Clinton H-D for many years. What a great sense of humor. Always had fun picking on him. May he always have blue skies and sunny days to ride forever.

He was a good friend and co worker. He would always be there when you needed him. He had talked to me about where to look for parts for the Nova he had and the chevy panel he has for parts and where to get them at. He was always cracking jokes, picking on people, and just kidding around. He gave me alot of insight when it came to work on things to do. He will be surely missed and forever in my heart for his voice of opposition and bull crap that he would say. I'm so sorry for your loss and hope that things will be better in the future when he is looking down on your family. My deepest regards. Brad Postel
